Clause

What is Clause?

The clause is where there will be a subject and a Finite verb as a group of words, but that will not be considered as a full sentence. The clause can be of three types.

Those are –

1. Independent/Principal Clause:

A Clause that –

- contains both a subject and a predicate.
- can stand alone as a sentence or
- can be a part of a multi-clause sentence.
- uses conjunctions such as – or, for, nor, so, yet, and, but.

Example:1. We visited Agra, but we did not go to Taj Mahal.

2. I know, when he will come

2. Dependent /Subordinate Clause:

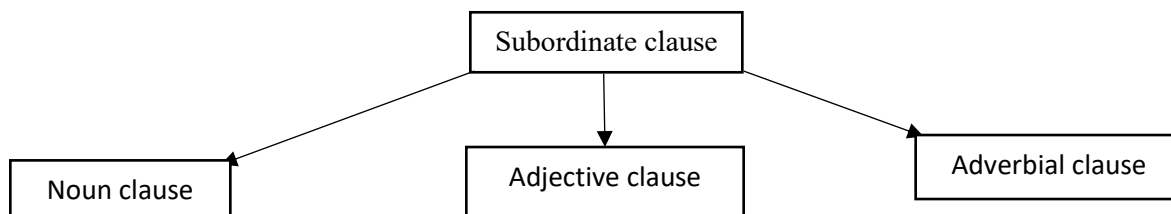

A Clause that is –

- that have a subject and a predicate
- cannot stand alone as a sentence
- always be a part of a sentence, on which it depends for meaning.

Ex:1. *I know* when he will come

Here only when he will come cant make sentence alone.

Clause that begins with anyone from this: After, before, because, since, as, as soon as, lest though, although, if, as if, as though, even if, provided that, till, until, that, so that, in order that, in case, weather, who, whom, when, where, which, how, why, wherever, while, hardly, scarcely, barely etc. are called subordinate clause.

1.Noun clause: Subordinate clause that action like a noun. If we ask question to principal clauses verb(who/whom/what) and get the answer of subordinate clause that's called noun clause.

Ex:1. I know **where he lives**.

2. **That he is a good man** is known to all

3. That he came out first surprised us all

4. Nobody knows when he will come

5. I enquire how he lost his money.

6. The important matter is how we can solve the problem (Subject complement)

7. That is **why I came early**. (subject compliment)-begin with why, that, what how, where.

8. I told him **what he wanted to know** (object compliment)

9. The fact **that he is** **theif is known to all**. (noun apposition)

10. The news that he had died is known to all (noun apposition)

11. It depends **on how it is done** (preposition object)

12. I wonder why they will come

13. It is believed that life began billions of years ago in the water. (Verbs- Deny, believe, wish, suggest, demand, expect, hope, regret, promise, imagine, think+that+noun clause)

14. He suggest that honesty is the best policy.

Adjective clause: Subordinate clause that situated beside noun/pronoun and modify the noun/pronoun is called adjective clause.

If we ask to noun/pronoun by how/which/which kind/which type/what short and get the answer of subordinate clause that's adjective clause.

Ex :1. The man **who came here** is my brother .

2. The news **that he will come** is known to all

3. The migratory bird **that he shot down** was beautiful (adj clause with relative pronoun)

4. This is the book **I lost** (Adj clause as object)

5. I know the boy **who will win**

Adverbial clause: Subordinate clause that tell about Principal clauses (time, place, purpose, result, cause, condition, antonym) are called adverbial clause.

***If we ask question to principal clause by when/how/why and get the answer of subordinate clause that's adverbial clause.**

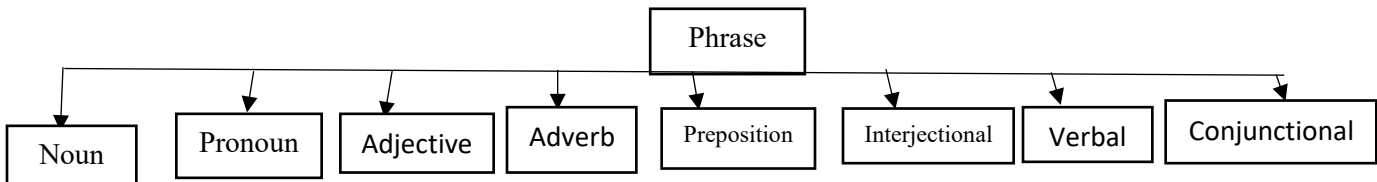

Ex:1. I'll take my shoes off **so as not to dirty the carpet.-(why)**

2. **As I trust myself**, I don't need to write a number on it.

3. You can be allowed **here only if you are a student.**

Phrase

If two or more words make a meaningful group of words that's called Phrase. No subject and Finite verb. There are 7 types of phrases

Noun phrase: Phrase that works like a noun

Ex: He is a **man of letters**

Adjective Phrase: Phrase that modify noun/pronoun are called adjective phrase.

Structure: Preposition+noun

Ex: It is a ring of gold. (which/which kind/which type)

Adverbial Phrase: Phrase that works as an adverb, modify all parts of speech but noun/pronoun
